

SUFFOLK COUNTY POLICE HISTORICAL SOCIETY

FUNDRAISER

The Suffolk County Police Historical Society maintains the Police Museum located at Police Headquarters. It also maintains a 1940 period garage in Yaphank which houses some of the antique police cars purchased and refurbished by the Historical Society.

These services are accomplished with the funds of our general membership. Unfortunately, the police museum is in dire need of renovation as well as the garage. We are organizing a fundraiser and all proceeds will be used to offset the various remodeling needed.
